Free meals for school aged children

Summer Food Service Program

Meals that are in when school is out!

With summer right around the corner, it's time to think about keeping children healthy while school is out. Nutrition Services provides meals to children during the summer at locations throughout Oswego County. There are no income requirements to attend. Any school aged child under age 18 may come to eat.

Each year, the U.S. Department of Agriculture partners with local organizations like Nutrition Services, to provide free meals to children when school is out for the summer. Nutrition Services has sponsored the program for the past seven years and has served more than 119,000 meals to children in local communities.

For more information please call Nutrition Services at 315-598-4712
