From: Fred Maxon, Purchasing Director  
RE: RFP #8-09 Engineering Consulting Services – Volney Sewer District

This addendum (#2) consists of 1 typed page. Bidders shall take note of all the following changes to the specifications and take the same into consideration when preparing their bids.

#### FEDERAL STIMULUS PLAN REQUIREMENTS

Notwithstanding any other requirements of the RFP, any engineering, plans, submissions and work to be performed hereunder shall be in accordance with any and all eligibility requirements of the Federal Stimulus Plan to the extent practicable. This project may be funded in whole or in part by federal stimulus monies.

#### SEQRA

Notwithstanding any other requirements of the RFP, any proposal submitted shall include and consider all work necessary to comply with SEQRA and any other state or federal regulatory approvals needed for the district. The proposer shall also be required to assist the lead agency in completing and filing any NYSDEC forms, in conducting any required SEQRA hearings, in the preparation of resolutions determining lead agency and SEQRA classification and in any publication of notices required by SEQRA.

#### PROPERTY TO BE ACQUIRED BY DISTRICT

1 Notwithstanding any other requirements of the RFP, the proposal shall include and consider the preparation of all necessary easement and right-of-way work needed to build the district. The district will additionally require at a minimum two (2) copies of a metes and bounds survey completed by a Licensed Land Surveyor or engineer in suitable form for filing with the Oswego County Clerk for each parcel over which the district requires a permanent easement to be acquired or condemned. There shall also be a separate sheet containing the metes and bounds description of the right of way over each parcel suitable for use as an attachment to a deed or other filing.

The proposal shall state whether or not it includes appraisal services for the acquisition of any easements or rights of way.
